

YOUR **IDEAL** LOGISTICS PARTNER

WE HAVE EXPANDED OUR REACH THROUGH CAREFULLY SELECTED PARTNERSHIPS

Ideal is an asset-based operation with our own facilities in Milton, Ontario (adjacent to Toronto) and another soon to be opening in California. Our operations and customer service team coordinate all transportation, cross docking and warehousing functions throughout our network.

Our Truckload activity integrates our fleet with partner carrier resources to offer LTL, Expedited, Dedicated, Temperature Controlled and Flat Deck service. For our customers' further convenience, we complement our over-the-road services with:

- Custom-tailored Warehousing and Distribution Requirements
- Domestic Air Freight
- Intrastate Trucking (LTL and Truckload)
- Intermodal and Contract Drayage

CROSS BORDER IS OUR SPECIALTY

Through the freight logistics model, there are no limitations to the transportation, freight management and distribution requirements we can fulfill for our customers. Our expertise in cross border trucking, is our greatest benefit to our clients. Additional freight management service features include:
